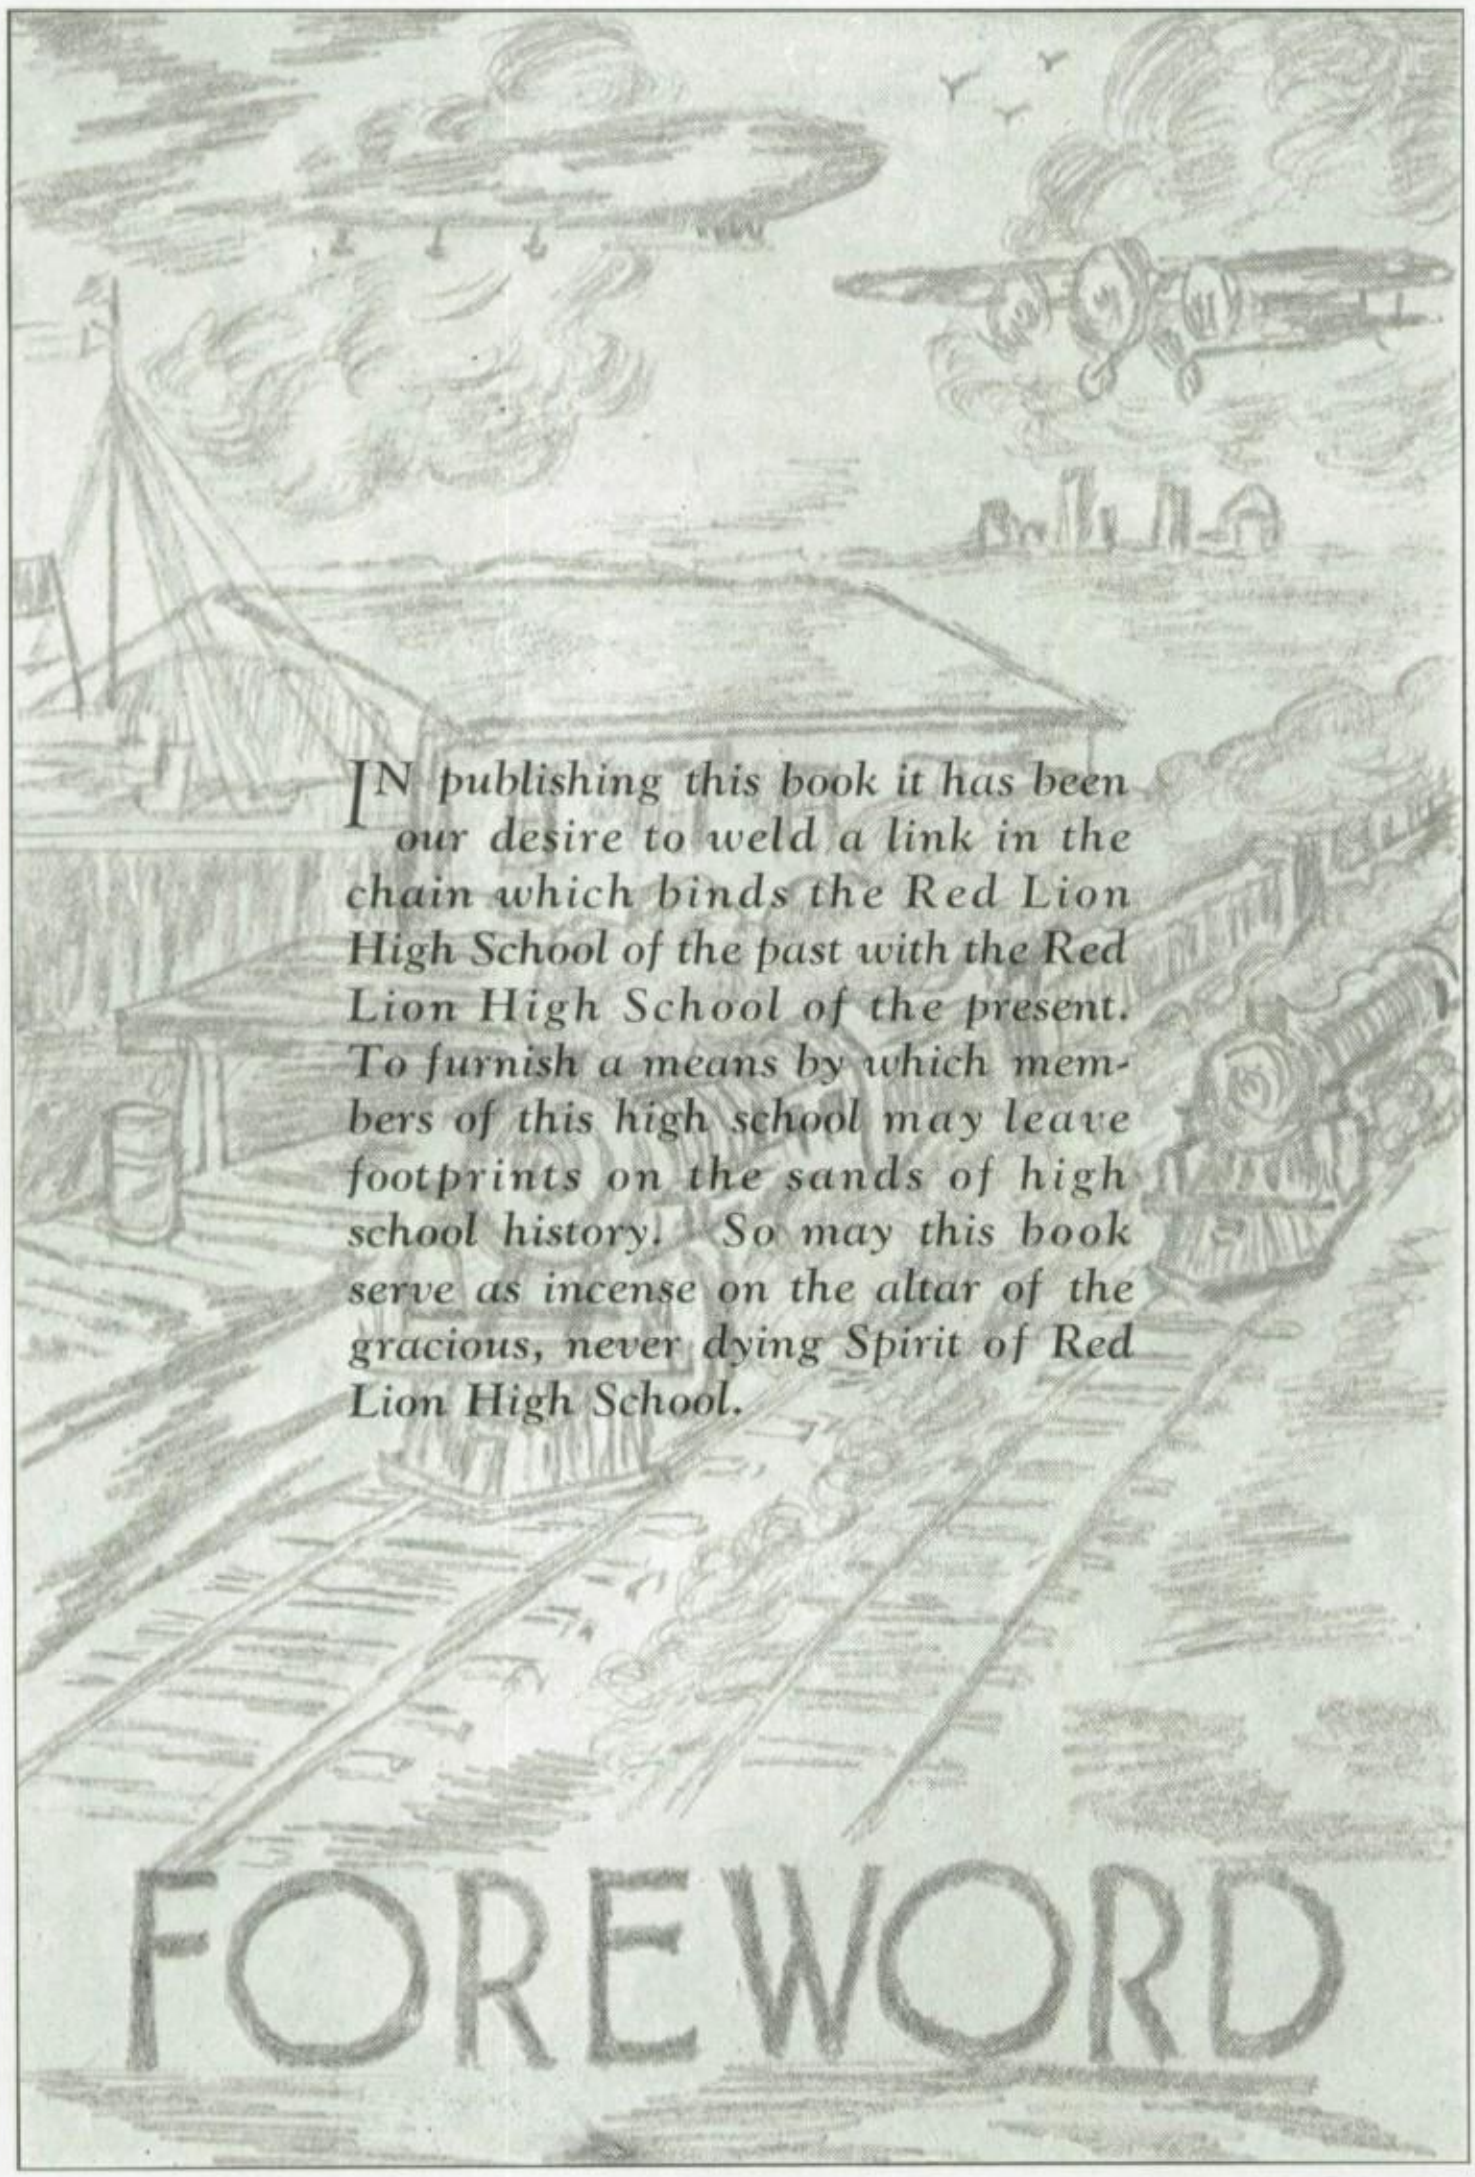
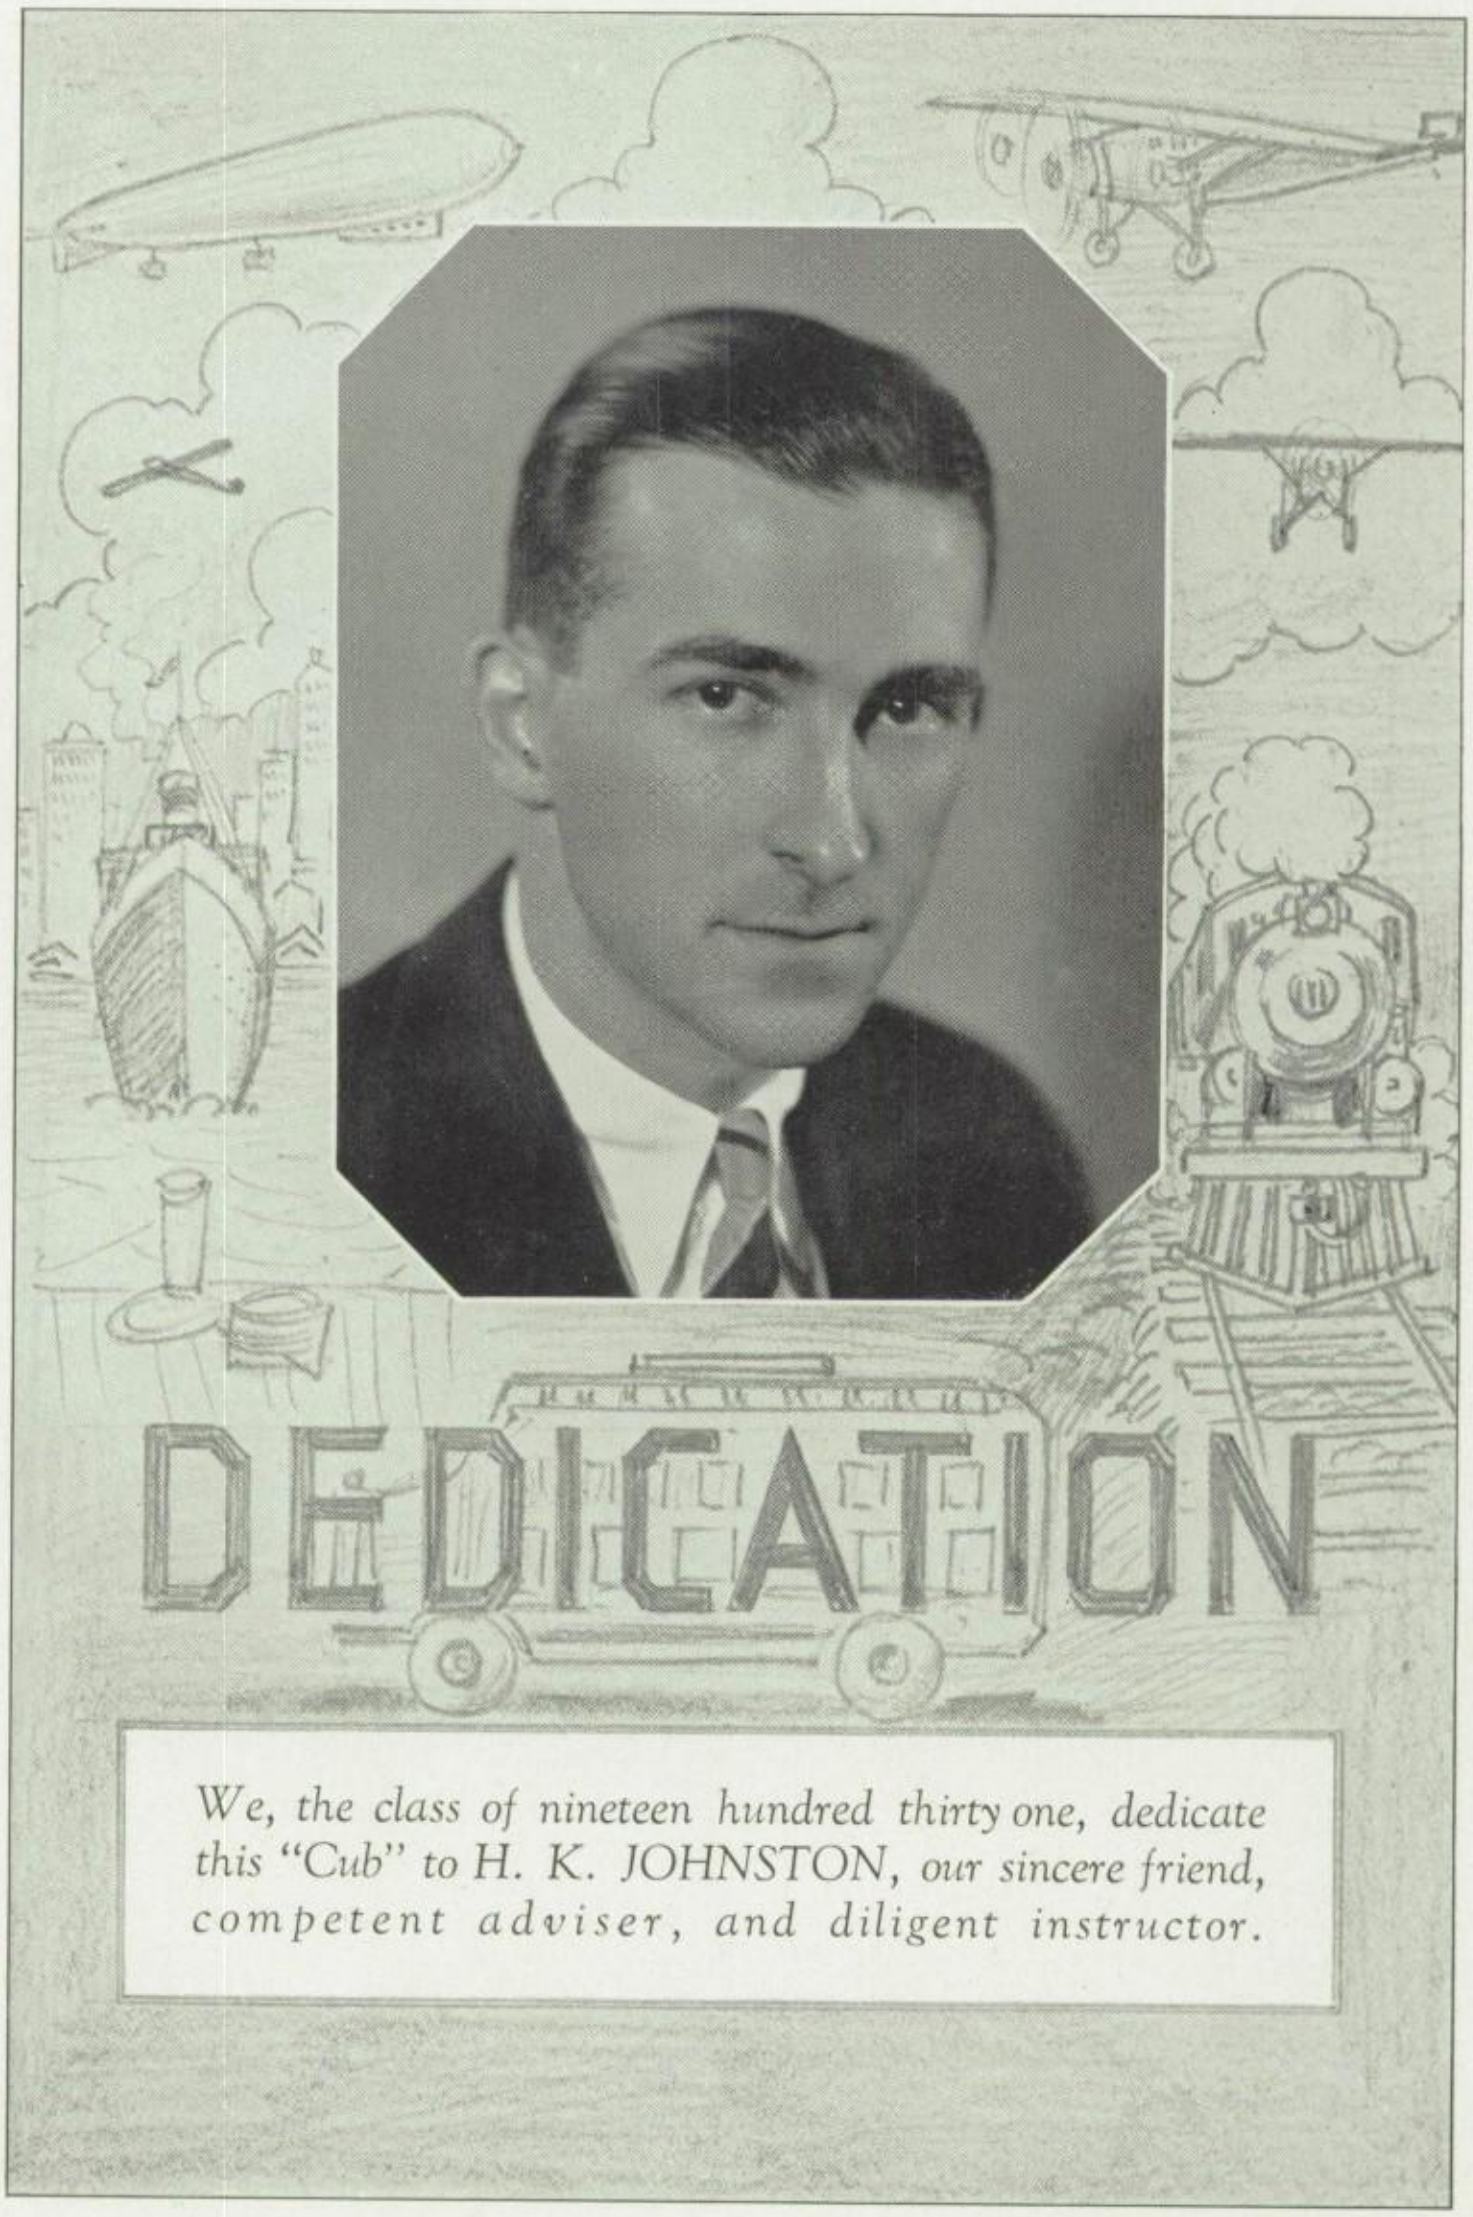
The
CUB
PUBLISHED BY THE
SENIOR CLASS
RED LION HIGH SCHOOL, - - - RED LION, PA.,
1931



IN publishing this book it has been our desire to weld a link in the chain which binds the Red Lion High School of the past with the Red Lion High School of the present. To furnish a means by which members of this high school may leave footprints on the sands of high school history. So may this book serve as incense on the altar of the gracious, never dying Spirit of Red Lion High School.



We, the class of nineteen hundred thirty one, dedicate this "Cub" to H. K. JOHNSTON, our sincere friend, competent adviser, and diligent instructor.

SENIORS

Carrie Adair

Good nature and friendliness make Carrie a desirable companion. Her scholastic ability coupled with her winsome nature is sure to make her successful in her chosen profession as a teacher.

Elizabeth Anderson

This young lady likes to argue; which makes her a good debater and keeps interest in P. O. D. class. Her pleasant word for everyone will make others happy after she receives her white cap.

Mary Arnold

Mary has two weaknesses—eating and trying to decide what college she wishes to attend. We believe she could write a book on the schools she has considered! Can she sell tickets? Well, no affair at R. L. H. S. would be quite complete without Mary as chief "wrapper-up and hander-out" of tickets! Well, Mary, make good use of your tendency toward home economics. You may need it some day!

Robert Atkins

Good goods comes in small packages is the firm conviction of this our future Master Farmer. Being a member of our State Ton Litter Club is only one of his attainments. "Dad" came from Lower Chanceford High School this year and expects to show them how to farm in southern York County after graduation from State.

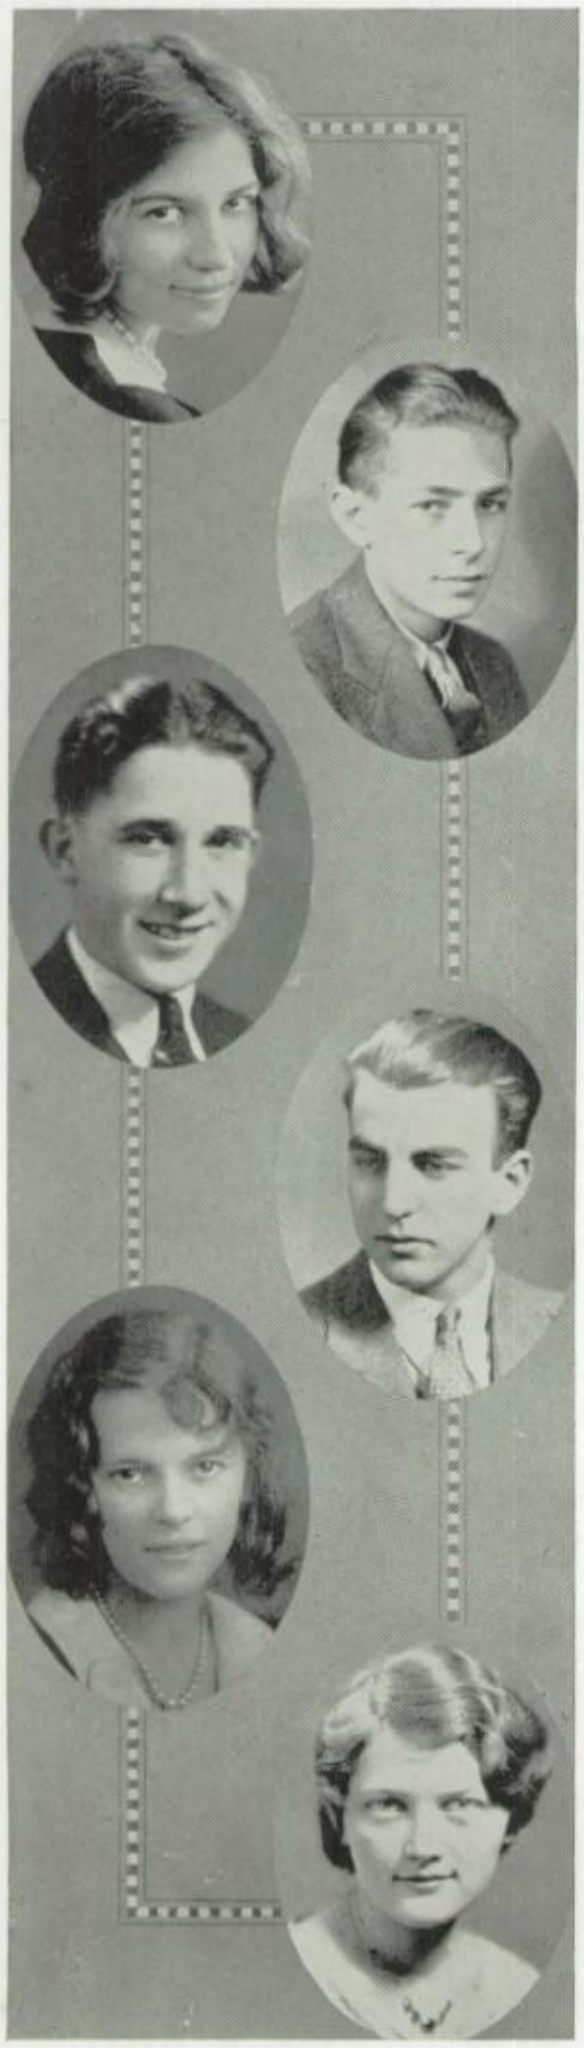
Charlotte Baker

"Sal" is one of the most versatile members of the class of '31. As captain and center of the Varsity basketball team, as a leader in the G. R. Club, as a member of the Hilltop staff—"Sal" was equally efficient. She expects to follow Health Education as a career. Lots 'O love and good luck, "Sally"!

Patti Baker

"Honk, Honk." Here comes the Ford from Felton. A quiet studious girl to strangers, but a jolly good scout to her companions. Her ambition to become a teacher of French we believe will be fulfilled. We fear "Pats" teaching career will be rather short. No special reason! Oh, no.

SENIORS



ELSIE BARBOUR

Muddy Creek is the home of this bashful, reserved, young lady. Feature writer, poet laureate, and news writer for the Hilltop prove her ability as a writer. Her ambition is to flash into the limelight of great writers. Who knows. We may be "entertaining angels unawares"!

WILLIAM BASOM

"Bill's" one of our actors, a debater, and the managing editor of the Hilltop. He expects to follow the footsteps of his father and wear the ministerial garb. We know his fiery sermons will bring many wayward sinners to repentance. We already know of one who has been converted.

KENNETH BICKING

Full of pep, wise cracks, and excuses is our friend "Bick". Not exceptionally fond of school work, but an athlete and musician. He expects to blow his way through the world. But seriously speaking "Bick" is well liked and appreciated by his school associates.

GEORGE BOWERS

The dynamo back of basketball, school spirit and class activities is George, always smiling and happy, even when facing adversities. We predict that "Wabbles" will be a "heap big" business man some day. And yes we believe that "Georgie" will make one of his schoolmates happy some day.

GERALDINE BRENNEMAN

"Blondie" is a little girl with a big heart. With her kind helpful disposition her success as a nurse is assured. Although we can predict for you a future full of friends, we are sure you will never find any who love you more than the friends you've made at R. L. H. S.

MARY BRENNEMAN

Quiet, unassuming, conscientious — that's Mary. With her lovely blue eyes and winning smile she has won a place in the hearts of many of her classmates. Mary wants to be a "heap big" stenographer. Keep up your sunny disposition, Mary, and you will be a decided success.

SENIORS

Irene Burkey

Long, black curls, brown eyes, and quite a tickler of the keys on piano and typewriter—that's Irene. She is conscientious in all that she attempts, and a faithful friend to all who know her. Invite us to come to see you, Irene, when you move to Lancaster to become "Somebody's stenog".

Emily Campbell

Look who is here! Emily! What a personality she has! We attribute her friendliness to her idea that, "A smile will go a long, long way." "M" is quite a loyal Girl Reserve and an ardent camper. The class of '31 sincerely hopes that her contagious good-humor will lead her right up the ladder of success!

Warren Chandlee

Last September, Warren came up from the place where they grow the corn. Since then he has developed a full fledged friendship with his schoolmates. You should hear him solve cases in Law class. Marvelous, Sherlock. A chemist he would be. We're watching you, Warren.

Harold Dietz

Harold, our xylophone expert is also expert on the cinder path. His motto is: When you do something do it right. Deitz has ambitions to become an M. D. We trust you may some day realize this worthy ambition, but don't practice on us.

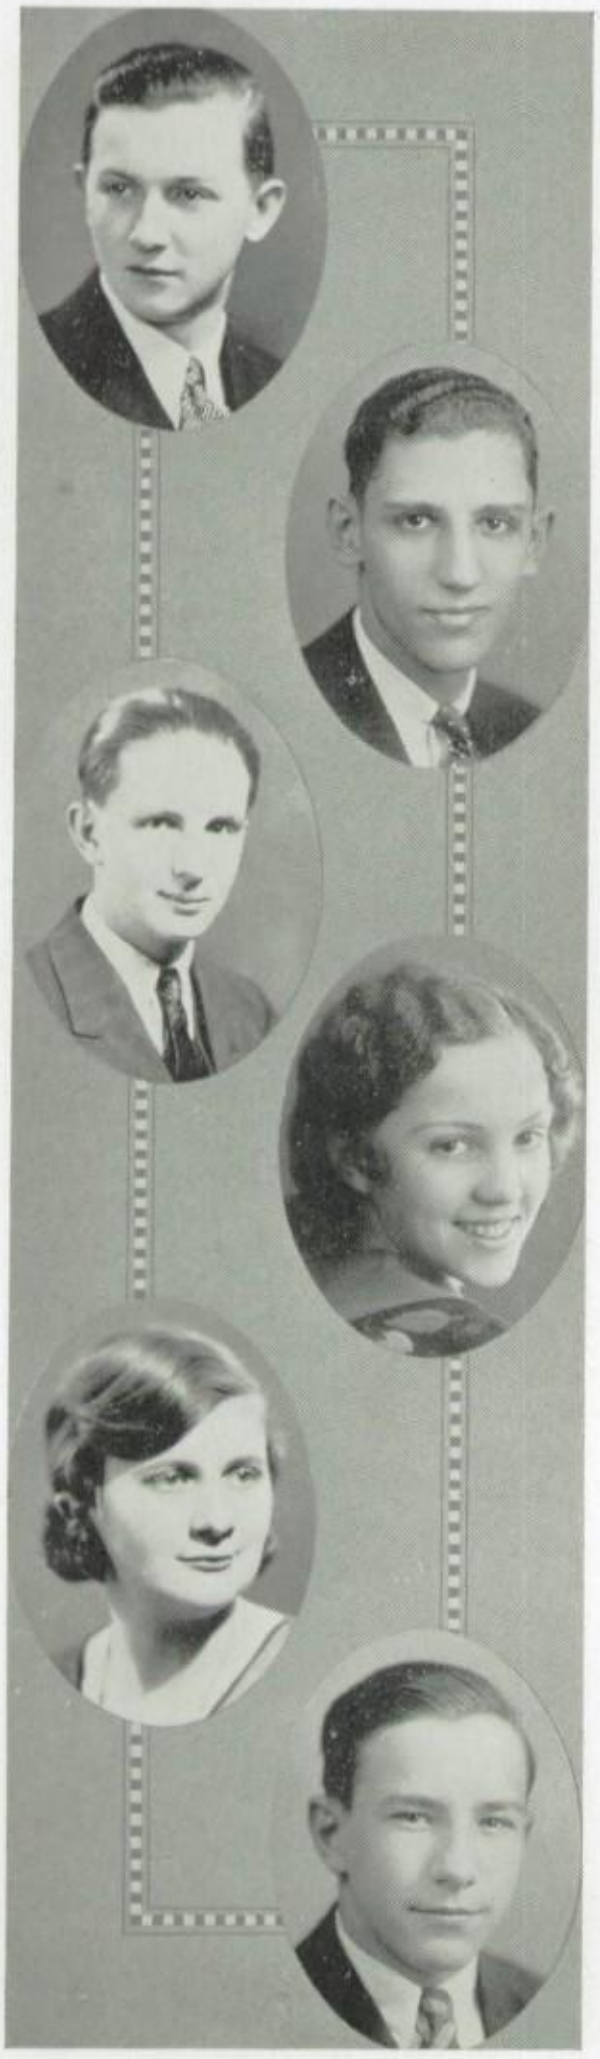
Louise Dietrich

"And she had a little curl"—why, that's Louise, to be sure. Her curls are the pride of the class! "Skeezix" won a lot of commendation as an actor in the Senior play Of sunny disposition, Louise will undoubtedly win approval in all that she undertakes Just let that charming personality grow an' grow forever an' ever, "Skeezix".

Wallace Emenheiser

Well! Well! Look who's here. Wallace, himself. Yes sir, and with his usual line of chatter. "Blacky" will take up aviation as his future vocation. May your ambition take you sailing high. After you have many hours of soloing to your credit we'll risk a ride with you.

SENIORS



David Ensminger

Prof. Ensminger, the future chemistry teacher of R. L. H. S. "Dave" is always running either to class or some other place. His curiosity has gained much for him during his stay here, but don't let that worry you, for "every little bit earned, is a little more saved".

Howard Fauth

What's the attraction coming now? Oh, it's Mr. Fauth! Very commanding in appearance. As he walks by, all the girls hold their breath. We know "Hob" will be a successful teacher. We trust, however, he will not stop as schoolmaster in the little red school house.

Ralph Flaharty

Ralph, the tall Senior from Lower Chanceford, walks the halls as though he has not a thing to care about. He minds his own business and never imparts information unless requested to do so. As a result no one knows his future ambitions.

Audrey Flinchbaugh

Now, presenting one of the brunettes of the class. From the very beginning of her high school career, Audrey's school life has been one of great interest. She is a charming actress, cheerful, and companionable. These are only a few qualities that have made Audrey a favorite with "her classmate".

Margaret Flinchbaugh

Here we have it! Quiet, good natured, refined, devoted to duty, efficient and all the other adjectives that describe a good stenographer. We wonder who's "Stenog" she will be? Success be yours, "Little Bit"!

Kenneth Gabriel

Kenneth hails from Williamsport. In the short time he has been with us we know him as a keen, quick-thinking Senior. A lad with a great future ahead of him in the field of chemical engineering is our prediction.

SENIORS

Lillian Greiman

Who do we hear now? None other than this talkative lassie from Adamsville. Lillian has an art in ticket selling, which was shown in the last few years. We trust her versatility will be an asset to her in her chosen vocation.

Francis Grimm

"Franky" is another of the small boys of the class. He is a very quiet chap which indicates a lot of deep thinking. Who travels his own path without bothering the rest of the world. Quiet unassuming unconcerned, and as a result we don't know where he will cast his lot after graduation.

Perry Hake

Strike three! Your out! That's Perry, the baseball player, a follower of all sports. He is quite a friendly chap, and we hear rather popular with some girls. Accountancy is to be his life's work.

Eli Henry

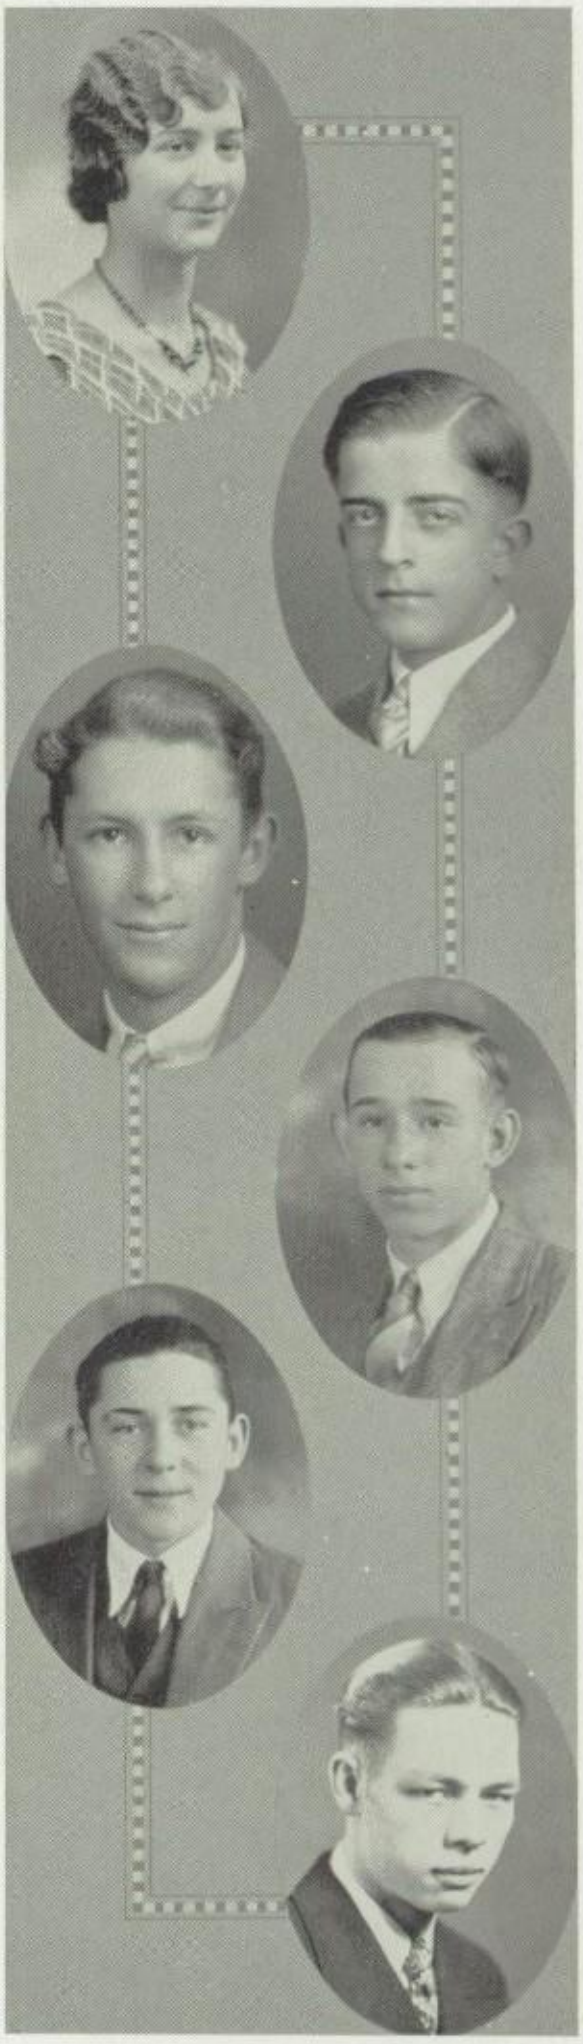
Small but mighty! His wisdom is recognized throughout the school. Eli is also a good basketball player and as we all know very studious. He has hinted that he would become an engineer and because of his tenacity and stick-to-it-ive-ness we are sure of his success.

Norman Herbst

Quiet, kindly, and likeable—that's Norman. He admits the radio is his hobby, but we think that smiling is instead, for he's "forever smiling". Norman is a conservative careful sort of a chap who is willing to help.

Dean Hibbs

Hibbs the great! From Lower Chanceford to Red Lion, as a Senior here a host of friends he has made. He hopes to be an aviator, and no doubt he'll soon be flying over Red Lion. Fasten the monkey wrenches, Dean.



SENIORS

Bernard Horn

Studious, friendly, and an all around likeable fellow, that's "Horny". Although on the surface Bernard seems to be very quiet, he has occasionally been known to let go of his "pent up energy". As a business executive we feel sure you can use all of this energy to good advantage.

Pauline Husson

Out of my way! Here comes Pauline, one of the most talkative members of the class. When the discussion of the opposite sex is heard, you will always hear her opinions on the subject. We predict that "Huss" will be the manager of a chewing gum factory some day!

Erma Hyson

This brown-haired girl hails from Cross Roads. Erma is noted for her scholastic ability. She also has marked dramatic ability which, we predict, will be an indispensible asset when she becomes a "school marm".

Thomas Johnson

Look out! here comes the chevy from Lower Chanceford with "Dad" at the wheel and "Tom" by his side. This is the case of another good farmer deserting the farm for gay city life. His ambitions in life have not yet been unfolded, but expect he may be dad's helper on the farm. Here's wishing you happiness.

Ferne Kaltrieder

Whenever you want to know what to wear and how to wear it just call on Ferne. She is a faithful follower of the latest fashion plates. Ferne has the knack of appearing unmoved under any circumstances and believes in going through life in a happy-go-lucky mood! May it bring you the happiness you desire, Ferne!

Margaret Keesey

Hail! Hail! The chauffeur of the Buick! Margaret looks very important steering her carload of passengers up the hill. Some day Margaret will be hearing spelling classes and teaching 'rithmetic to little pig-tailed girls and overalled boys in a little red schoolhouse.

SENIORS

Grace Keller

Giggle, giggle! That's "Patsy". Small but full of pep. She has proved that size does not count for everything, as she so ably demonstrated in basketball and other athletics since she has been in High School. A gymnastic instructress is her ambition in life.

Anna Mary Kilgore

Here is another member of the Midgets. Anna Mary, we have learned (too late) was an elocutionist at Lower Chanceford High but just the same she spread a lot of sunshine here. Rumors have it that she may some day be chief dietitian of her household. May happiness be yours, Mary.

Beatrice Klineyoung

"Better late than never" drawls "Beat", as she strolls nonchalantly to class! "Beat" is one of these happy-go-lucky, cheerful souls who never worries about a thing and who gets there just the same! Good luck, "Beat"—and remember that "Gentlemen prefer blonds"!

Otto Laucks

"Tod" is a member of that always popular "Our Gang". He is a good fellow as his classmates know; always there when any fun is to be had or when a joke is to be enjoyed. "Tod's" new philosophy is:

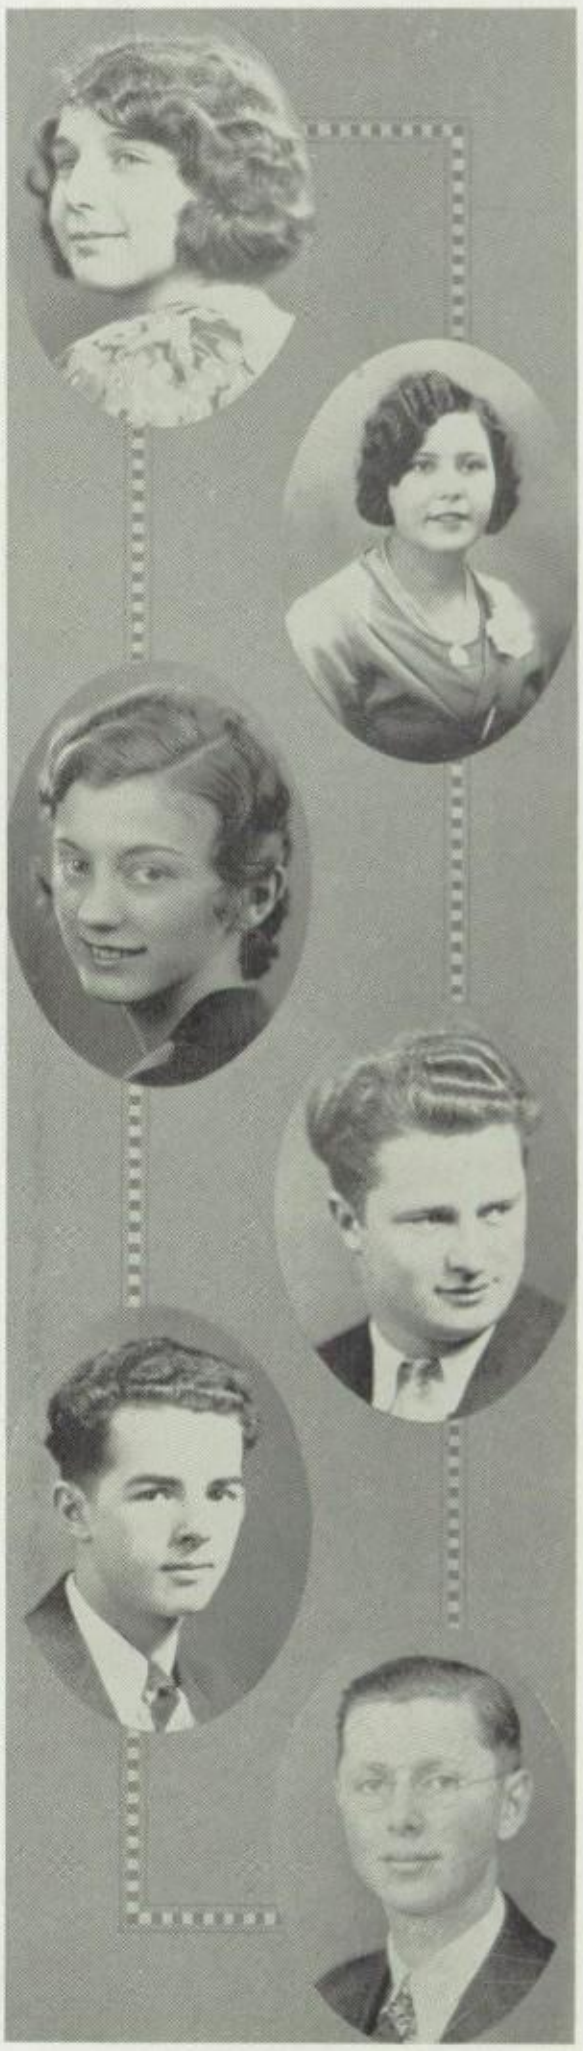
Life's just one fool thing after another,
Love's just two fool things after each other.

William Lauer

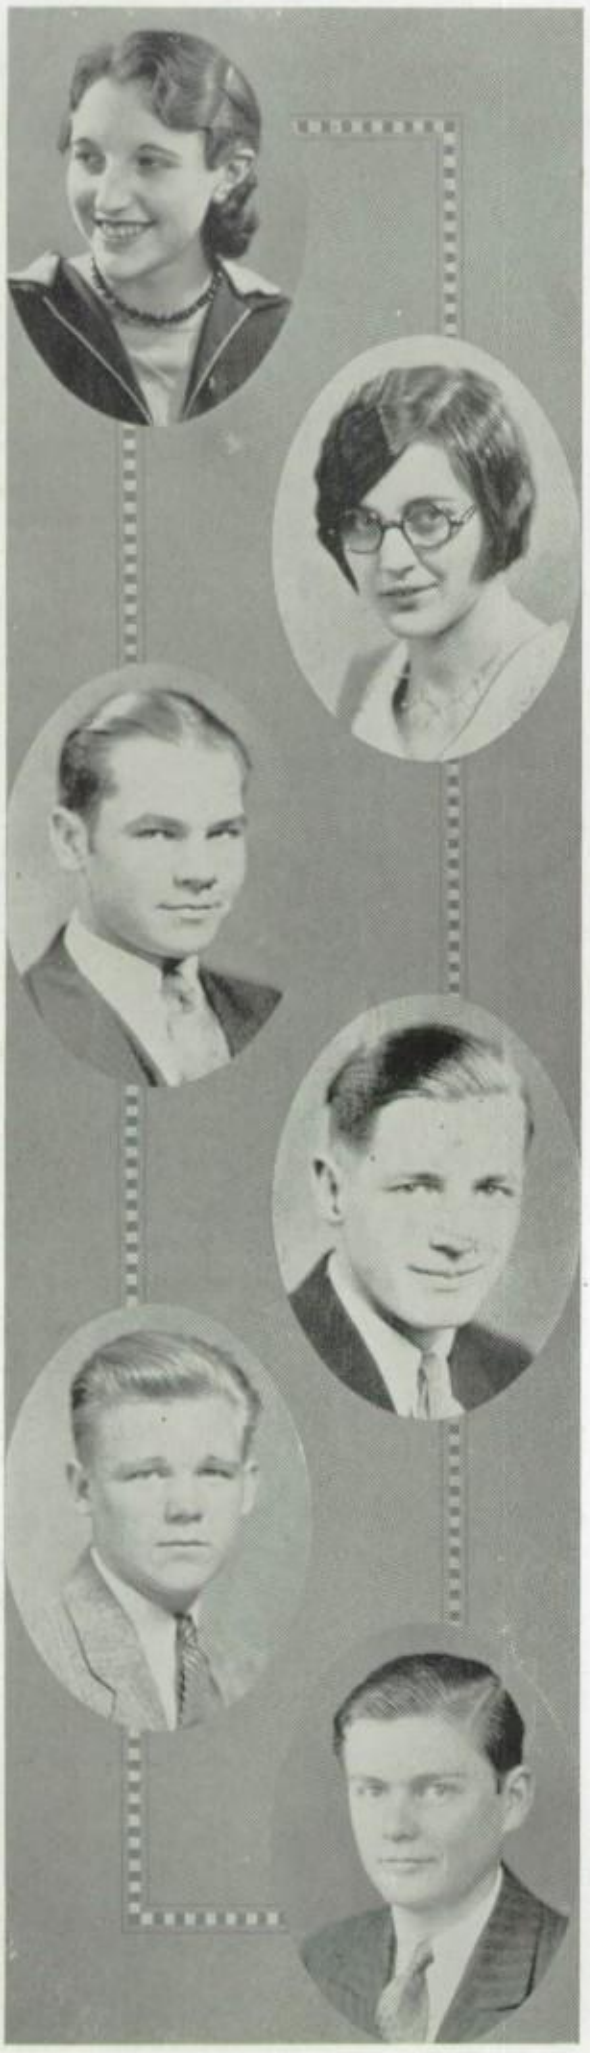
"Bill" is one of those charming young lads who is rarely seen before he is heard. His ability as a cornetist is only one of his accomplishments. His charming personality and winsome ways make him a favorite among his classmates. His ambition to become an engineer is assured if not captured by some lass before hand.

Howard Liephart

Here is "Hob" whose motto is "Better late than never". He is always entertaining someone, and we predict a bright future as a comedian. Howard is not sure if he wants to become a dentist or a doctor, but here's wishing you success.



SENIORS



ELIZABETH LLOYD

Sure! "Liz" is the elocutionist, artist, and "Jumping Jack" of the class of '31. Her idea is, "It takes a man with a mustache". Well! Well! We don't know what she wants to do after graduation, but predict "a small cottage just for two".

IVA LLOYD

This quiet, dignified senior came from Fawn Township High School. She has only been with us one year, but in spite of her quietness, she has gained many friends. Iva expects to become one of our future nurses in the York Hospital.

PALMER LUTZ

Permit us to introduce "Cap" Lutz. He is seriously inclined toward athletics and as captain of our basketball team led it to many victories. "Cap" is active in every way and a friend to everybody. As a coach of athletics we predict nothing short of Knute Rockne fame.

ROSS MANIFOLD

Sure! That tall guy! Better known as "Manny". The reserve basketball center. Slightly bashful, but he'll overcome that some day. Ross doesn't mind looking at women, but sure would hate owning one. Yes sir, he's a real boy. Ross wants to be an athletic coach and we believe in his ability.

EDWARD MARTIN

"Harmonica Eddie". The cheerful Englishman, who with a smile on his face, a pipe close by, plies his shoe maker trade on Main Street. He is also a clever artist as we saw some Cubs of the past. "Ed" has not decided what he would be, but we are sure of his cheerfulness whatever may be his lot.

PAUL MCGUIGAN

Meet "Pat" from West Broadway. A very likeable boy who seems to be everybodys' friend. And say, can he play the violin? Who knows, maybe a future Fritz Kreisler. Most of his spare time, however, seems to belong to one of his female classmates. Of course you couldn't guess who.

SENIORS

Almeda Miller

Ah! Who is this curly-haired brunette from Springvale? "Mill" the giggling violinist of course. Almeda's greatest love is music, and she has been a very necessary part of our school orchestra. "Music hath charms to sooth the savage beast", Almeda, so good luck to your musical talent!

Randall Miller

Look out! Here comes "String Beans" the Slim Jim furniture dealer, with inclinations toward the watch business. He and his flivver are very popular with the girls. "Ran" hopes to be an alumnus of Lehigh in the field of engineering. Here's our good wishes.

Horace Pangle

Another small son is "Hory". He probably likes arguing better than any other boy in the class. We suggest that he takes up law. Horace is fond of sports from the sidelines, especially baseball. Another budding M. D. to practice on some one.

Grace Parlett

Come on! Behold "Gracious"! This vivacious, dark-haired lassis hails from Lower Chanceford. Grace is care-free, friendly with a quiet, winning smile. Some day, soon we expect to see her in a little starched cap and white uniform.

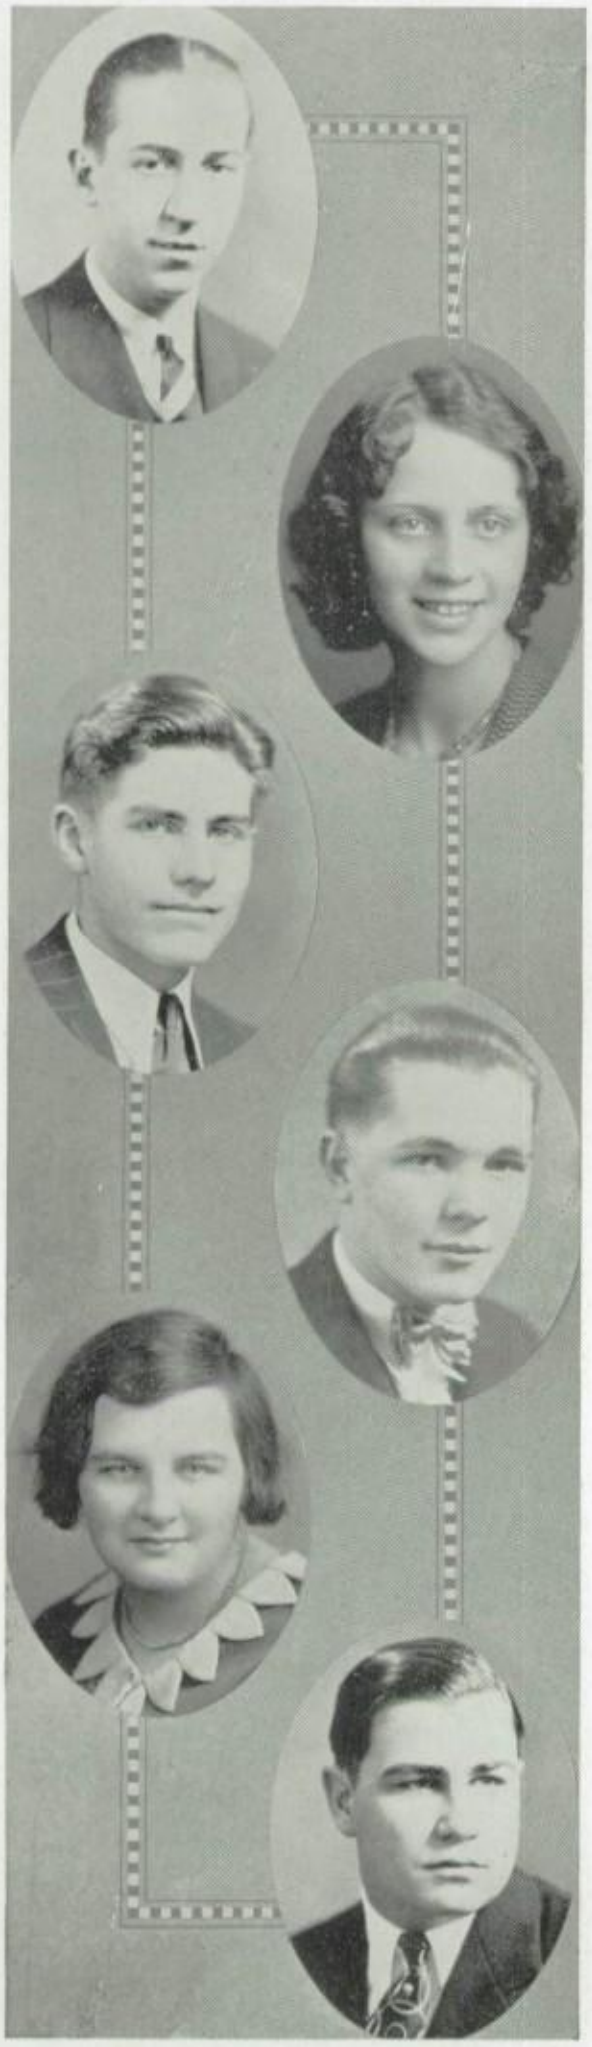
Stuart Poet

"Stutz" is another athlete of the class, being a good basketball player. His hobby seems to be playing jokes on his classmates. His interest in a sophomore lass is more than passing. As a saxophone artist he is quite adept and as a student is very studious just before report periods. We don't know his future vocation.

Robert Quigley

"Bob" is a studious lad, a good sport and always ready to help anyone, anywhere, anytime. He can always be found at the jewelry store on Main Street praying for more watch trouble. Robert's good nature is going to convince many to buy diamonds, watches, and other trinkets.

SENIORS



Charles Roseman

Yes, you're right! It's Charlie, the "Beau Ideal" of the class. Always immaculate and well dressed, the destination of many a feminine glance, that's Charles. He also is a violinist of note and occasionally is studious. In all probability a tobacco salesman he will be.

Elizabeth Roseman

Do-ray-mee-ray-do-o-o-o-o! That funny noise? Oh, that's "Liz" Roseman practicing her "vocal" lesson. Some day "Liz" will burst into grand opera or radio work. At least, that is her ambition. Well, the class of '31 sincerely wishes her good luck!

Felnor Seaks

That tall, debonair boy that takes such an interest in chemistry? That's "Seaksy", quiet reserved, a smile seeming to be always part of his countenance, and most of all his interest in basketball. Chemical engineering is to be his chosen profession and we know he'll win again.

Elmer Sechrist

Who? Yes, it's "Tuck", the musical wizard, the man of many instruments. He seems to be peering over the horizon into the future with ambitions of being another Lew White or Jesse Crawford. Who knows? Accidents sometimes happen!

Esther Sechrist

Esther hails from Dallastown. Although she entered High School in her Junior year she has made many friends. We might add she is another little girl. She expects to become a laboratory technician.

Donald Shindler

"Don" is a jolly fellow who takes much interest in athletics from the sidelines. He is very popular in all school activities. We expect Donald to be one of the future cigar manufacturers of Red Lion. He at least is consuming his share of them.

SENIORS

Carl Sliver

Here is the druggist of the class. Carl is well known for his knowledge of pharmacy and for his interest in all school affairs. "Katz" could sleep in more classes and get away with it than any member of our class. We predict a bright future for him demonstrating mattresses or bed springs.

Era Smith

From out on North Main comes "Pete" Smith and the Pontiac. Era is always carefree and happy. He is very prominent in athletics especially track and basketball. He also wields a wicked mit. Classroom work, however, were always the least of his worries. Another who would be an athletic director.

Kathryn Smith

We cannot help but admire the calm attitude Kathryn maintains at all times. She never gets "fussed" like the rest of us, but with steady, never failing confidence plods right on thru the difficulties of being a Senior. Won't you put some of it in bottles and sell it to the rest of us, Kathryn? Here's to success and happiness!

Lester Smith

"Let" is the grocer who hails from Howard Street. He is noted for his ability as a commercial student, as well as a salesman. His friendliness and kind disposition are sure to win success for him either as a salesman or an accountant. We wish you the best of good wishes.

Margaret M. Smith

Margaret is one of the big girls of the class. You must really know her in order to appreciate her good-nature and delightful personality. If you have any trouble just carry it to Margaret. Some day we expect to see her as the matron of a Children's Home, hugging a half dozen forlorn little youngsters at one time!

Margaret R. Smith

Another fair blond from Windsor and jolly good friend she is. Margaret's ambition is nursing. We know she will capture the hearts of all her patients. May the success which she deserves follow all her efforts.

SENIORS

Ruth Smith

Who ever saw "Betz" when she was quiet? We bet she talks even in her sleep! Ruth never missed a thing at R. L. H. S. Her school spirit just can't be beat! We hear that "Betz" is rather fond of the name "Smith"!

Thomas Smith

What a man! This is none other than T. W. Smith, Jr. If his new chevy could speak we would probably know more about him. "Tom" is interested in athletics, and once in a while in his school work. We predict his future to be either the mayor or the policeman of Yoe.

Eugene Snell

"Gene" is the intellect giant of the class with great dramatic, leadership, and executive ability. Some day "Doc" will be handing out the pills to some of you. We know his future is assured.

Helen Stephens

Helen tells us that "Silence is Golden". She obeys the rule of being seen and not heard. She is very studious, always does her best, and is a friend worth having. May life treat you kindly and richly, Helen, when you become a school marm.

Kathryn Steward

Mighty in stature—that's Kathryn, with plenty of school spirit and good nature. She is always a ready rooter at basketball and track events, and a faithful follower of all school activities. Some day Kathryn will wear a little white cap and administer pink pills to pale patients!

Mary Trout

This young lady hails from Lower Chanceford. Although Mary has been with us but one year, she has won many friends by her pleasant personality, which was shown in "Kempy". Mary's aspiration is to become a librarian or a music supervisor and she expects to enter either Millersville, West Chester or Temple next year.

SENIORS

Mildred Wambaugh

Here is another small girl of the class. She hails from Lower Chanceford. She "chins" a lot but friendship is never lacking. Another teacher of "readin, ritin n rithmetic" is the ambition of this lass.

Margaret Warner

Margaret is known especially for scholastic and dramatic ability. She has made our Hill-top popular with her writings. "Megs" surely is a girl worth knowing. She expects to become a journalist. Send us an autographed copy of your first publication, "Megs".

Kenneth Wise

Tall, slim, above the average scholastically, strong in character, a willing worker, and a little bashful—that's "Ken". He is one of the best actors of the class and is also known for his fine commercial work. Some day he will come to straighten out your financial accounts.

George Wolf

"Great things come in small quantities". This is verified in looking at "Louie". He is quite a musician and we hear not at all girl-shy. George expects to become either a great farmer or a geologist. We predict success in either field.

Richard Ziegler

Better known as "Dick". He is the heaviest and most ambitious boy of the class. As cheerleader and sideline basketball player he has won many a close game. Richard expects to attend Lebanon Valley College to become an architect. We predict skyscrapers in Red Lion in the near future.

Memoriam

To the memory of

Beulah Heibeck

So that we, by this demonstration of our thoughts in her regard, may give to all, evidence of the friendship we bore our departed classmate, and the esteem in which we held her.

HILLTOP STAFF

The Columbia, National, and Pennsylvania Scholastic Press Associations have awarded the "Red Lion Hilltop," second, first, and second class ratings respectively. These ratings show that the school paper is among the foremost in this country, in make-up, style of writing, and news value. Hard work on the part of the various members of the staff has made possible the high ratings this paper has received.

JUNIOR-SENIOR HIGH ORCHESTRA

Composed of practically all the musicians of the High School, the orchestra, under the direction of Miss Hetrick, has shown a splendid school spirit by their regularity in opening the assembly programs each week and accompanying all plays under the auspices of the High School, during the year. Their first appearance was made in accompanying the operetta "Sunbonnet Girl," followed by "Kempy" the Senior Class play and last with "Tea Toper Tavern" the Junior play. We appreciate the efforts of all of its members in maintaining so high a standard of excellence.

SENIOR HIGH GLEE CLUB

We again have a Girls' and Boys' Glee Club. They have shown us not only vocal ability but dramatic ability as well in their first appearance, "Sunbonnet Girl," which was appreciated two nights by a packed house. In their meetings songs for Assembly as well as for the annual Scholastic meet are rehearsed.

Credit for the success of this organization belongs to Miss Hetrick, the director.

BOYS' VARSITY

With three varsity members of last year's team back, and several candidates that seemed to show splendid possibilities, Coach Nitchkey saw a real opportunity to develop a good fast team.

Faculty Manager, Mr. Johnston, immediately began to correspond with other schools. Some of them old rivals of the school and others entirely new. Finally the schedule was completed with twenty-three games. Only eight of these were league tilts. Later, two additional games were added.

The members of the varsity are as follows: Craley, Hall and Bicking, forwards; Seaks and Zeigler, centers; Lutz (Captain), Ness, and Lauer, guards. This group of players won twenty-one games out of twenty-five. The team is believed to be one of the most successful seasons in the history of basketball of Red Lion Hi.

GIRLS' VARSITY

With practically a new team at the beginning of the year our girls did not let their inexperience worry them and they went into the games with all the pep, vim, and vigor that the Red Lion teams are noted for. We want to congratulate them on their record.

The members of this year's squad are: Taylor, (Mgr.); Hildebrand, and Smith, forwards; Baker (Captain); Stabley, center; Snyder and Albright, side centers; Brown, LaMotte, and Grimm, guards. The girls won seven out of eleven games.

Coach Rauch deserves much credit for her work in developing a team which made so excellent a showing.

BASEBALL

Baseball is the youngest of sports in the high school. The first team was organized five years ago. This year's squad is playing a good game of ball and deserves a lot of credit.

The members of the squad are as follows: Hake and Sawmiller, pitchers; Raub, catcher; Lutz, first base; Miller, second base; Shoff, shortstop; Flinchbaugh, third base; A. Zeigler, left field; Laucks, center field; Smith, right field; Hall, Craley and Young, substitutes; Manager of the team, Richard Ziegler. The squad will lose three members through graduation this year, namely: Lutz, Laucks and Hake.

The possibilities of the team winning the championship this year seem very good. At the time of the printing of this book only three games have been played, all of which were won by the local club. Much credit should go to Sawmiller and Hake for the wonderful hurling as this means a lot towards having a winning team.

JOKES

Horace P.—Why didn't you get your pants pressed?
Burnell M.—I couldn't.
Horace—Why?
Miller—Well, every place I'd come to would have a sign saying, "Trousers Pressed Inside."
Pangle—Well?
Miller—I wanted mine pressd on the outside.

"What was the joke Mr. Mechtly told in class?"
"I don't know. He didn't say."

"I understand Bill has broken his engagement with Sal."
"Did her father object to Bill's shortcomings?"
"No, he objected to his late goings."

Miss Kreidler—Yes, Donald, Lapland is rather thinly populated.
Donald—How many Lapp's to the mile, Miss Kreidler?

LaMotte—How did mama find out you didn't really take a bath?
"Bowers"—I forgot to wet the soap.

Since the Christmas holidays an epidemic of bad colds and spots has broken out among the students.

Mr. Johnston—And what become of the old-fashioned girl?
Wm. Laurer—She's still at home.

As Patti (Juliet) said to Paul (Romeo) from her balcony, "Why didn't you get seats in the orchestra?"

Mr. Mechtly—"Who is the smartest man living?"
Arthur Mayes—"Thomas A. Edison. He invented the phonograph and radio so people would stay up all night and use his electric light bulbs."

"CHIROPRACTIC" ADJUSTMENTS GETS SICK PEOPLE WELL

CHIROPRACTIC is the knowledge—not theory or belief—of philosophy of cause of disease; the science of knowing how and the art or ability to adjust it. The human brain is the dynamo where life currents are concentrated. If brain absorbs, spinal cord conveys, nerves transmit, and tissues, organs and viscera receive this life current HEALTH is the product. Obstruct the transmission of current and disease is the product. Body plus life equals health. Body minus life equals death. Disease is the abnormal fluctuation between these two quantities caused by varying degrees of pressure upon the nerves, interferring with transmission. A Chiropractor knows why, where and how to adjust the "pressure" to permit currents to continue transmission for the purpose of reconstructing disease to health. HEALTH is the restoration of currents, not the stimulation or diminution of how little does exist.

IS THIS QUESTION

Do You Save Money?

Importance of this question to the employer is that if you have not learned to manage your own affairs, it is not likely you will be wanted to manage his.

It seems to be the feeling of all employers that if a man cannot save for himself, it is hardly probable he can save for them.

SAVING PHILOSOPHY

1. From the dawn of Creation, Tortoise Saving has always won the race against Hare Speculation.

2. Saving is just as essential to a healthy financial growth as water to the growth of plant life.

3. Wealth has many tools but Saving is the handle that fits them all.
